IMAGINE THE POSSIBILITIES

Cameo China

Durable

Cameo China, for over twenty five years, continues to maintain a proud tradition of serving the global Foodservice Industry with innovative, award-winning commercial dinnerware.

The passion of creativity and innovation is demonstrated by the excellence and distinctiveness of the products we produce. Cameo craftsmanship is critical to the success and culinary inspiration of chefs around the world. Our goal of surpassing customers' expectations is an essential philosophy of Cameo and our e□ort to help discover unique formulas for success is an ongoing and rewarding achievement.

Responsibility, honesty, respect, commitment and dedication: these □ve guiding principles focus our attention on a model of business that looks to the future with a strength of vision to succeed. A fundamental belief in the honour of ethical and moral business practices keeps our customers' satisfaction as our highest priority.

Since 1991 Cameo has been recognized as a world renowned manufacturer of a□ordable, versatile and durable commercial dinnerware of the highest quality. Cameo remains dedicated to o□ering every customer the excellent customer service they deserve. We are here to serve you!

Cameo China has the right solution to ensure that culinary creations worldwide receive the admiration they deserve.

Cameo China

Product features and benefits

High temperature firing

All Cameo products are vitreous chinaware. This feature allows for better heat retention, is more hygienic and the body does not absorb moisture. Vitreous chinaware has a higher resistance to thermal shock and therefore signi□cantly reduces breakage.

Durability and strength

Cameo China uses a very high quality vitrified glaze to ensure our products maintain their original appearance for many years. We add a high percentage of Alumina during the manufacturing process to increase chip resistance, overall strength and durability.

Stacking and storage

A major concern of the Cameo China design team is to create products that have the lowest profile possible. The result is a more efficient use of your valuable storage space and ensures that your dishes will be safe and secure.

Dishwasher safe

All our dinnerware has been developed and tested to withstand the use of industrial dishwashers. It is not suggested to machine wash any plates that have added metalized decoration.

Microwave safe

Cameo products are tested to be microwave safe except any plates with added metalized decoration.

Safety

All Cameo products are tested to meet the metal and lead guidelines of the US Food and Drug Administration standards and PROP65 testing.

Quality

All Cameo products are manufactured under the ISO 9001, ISO 14001 and ISO 18001 Quality Management System.
