INTRODUCTION

English Fiddle Vintage cutlery is the ultimate finishing touch to a stylish tabletop. The design has a modern, industrial edge with a tumbled vintage finish for those looking for traditional pieces with an edge.

The distinctive shape has been a familiar feature in dining settings since the 1700's.

Its handle's shape resembles a fiddle (violin) with the stem like a finger-board, featuring a rustic satin vintage feel. Made from 18/10 stainless steel to provide optimum strength, satin finish and excellent stain resistance.

Every Robert Welch product is designed in the Old Silk Mill at Chipping Campden by the Robert Welch design team. The Mill, nestled in the English Cotswold Hills, is where founder, Robert Welch, began designing in one small room, back in 1955. Robert Welch design products that you will enjoy seeing and using day after day. The very best design, materials and craftsmanship go into the making of the products.
