

INTERMETAL

OFFICE FURNITURE

CREATING
EFFICIENT
WORKSPACES

Intermetal is part of Harwal Group, an intuitive, innovative and agile management holding company with diverse manufacturing companies in the United States, Europe, the Middle East and the former Soviet Union. The technological and manufacturing capabilities of the Group are evident by the wide product range and volumes that are produced by the Group companies. With an annual conversion capacity of over 200,000 metric tons of plastic and 20,000 tons of aluminium and steel, the Group is at the forefront of its respective industries.

Since 1989, Intermetal has been designing and manufacturing resilient office furniture that meets the needs, specifications and budgets of our customers. IM Office offers a full range of ergonomic seating, workstations, desks, storage solutions, conference and meeting room tables.

A highly experienced Design team understands that the way we work is constantly changing and continue to explore new shapes, finishes and manufacturing

methods to create furniture that is easy to assemble, move and evolve with your company. Intermetal supports customers by providing space planning to ensure the furniture inspires your employees, maximizes the office space and that contributes to increased productivity at work.

At Intermetal, we manufacture the furniture we sell and that is important to our customers. Our manufacturing facility, located in Dubai, UAE is equipped with CNC bending & routing machines, robotized welding, powder coating and chrome plating lines, upholstery and includes a state-of-the-art joinery. With the ability to monitor all areas of production, we can guarantee quality and durability.

Intermetal is an ISO and FSC Certified Company and management remains committed to continuously develop and implement sustainable business practices and manufacturing processes that will benefit our future generations.

RAMO

Desking System

Dream + Work = Success

RAMO.....WHEN QUALITY IS DEFINED BY FORM AND FUNCTION

Inspired by Nature, RAMO is a modern desk series designed by Mattia Michelon

A unique table system that incorporates a custom designed, high injection, cast aluminium chromized corner that forms part of a larger, multifaceted system. An innovative series of tables that combines quality, craftsmanship and style making it the perfect choice for high performance work areas. RAMO supports office spaces by offering a range of multi-functional and versatile desks, workstations and meeting room tables that have the flexibility to grow and expand with your company. The series includes matching desk extensions, pedestals and credenzas.
