## Our story

Hospitality was my dream. Waitering was the in-between.

What started as a stint in the room service department of the Hilton Melbourne in the 80's, turned into a design juggernaut of amazing proportions.

And it all centered around the operating equipment - the never-ending bank of broken product lined up back of house. Quite simply labelled 'out of order'.

*I was inquisitive enough to ask why.*

*I was shocked to hear it's as good as it gets.*

*They quietly smiled when I said I can do better.*

Gathering the smartest engineers and the most curious manufacturers, operation 'room service overhaul' gathered momentum.

Within 6 months I presented draft 1 of, what is today, the most celebrated In Room Dining system in the world.

And that was the beginning of my interaction with expert hoteliers, forward-thinking venue operators and master-chefs of the world.

*When Gerd craved something new in live cooking he looked to us.*

*When Massimo looked to push the boundaries of catering without restrictions he shared with us.*

*When Knud was ready to explore his new buffet ideas he found us.*

*When Georgio conceptualized his sophisticated butler service he approached us.*

*When Joe wanted to break new ground in meeting styles he relied on us.*

**We are proud, passionate designers who believe you deserve better...**

Which brings us to our latest developments...

Nick Polidoros  
Director / Designer

room service,

our Freefold series asserted that in-room dining should never be a compromise.

A lifetime of design....

conference & banqueting,

we unveiled our award winning Rollaway Series; the world's first linen-free table system.

action stations,

our expertise delivers the most diverse, the most trend-setting concepts.

buffets,

we rejuvenated all traditional presentations and operations through our globally renowned Cross Cubes.

## Our environment

'The time is always right,  
to do what is right...'

Martin Luther King...

We have changed our ways.

In the past, we used Native Timbers.  
It was easier, more affordable, and  
more available.

Today, IHS is directly responsible for  
the salvage of several thousand  
acres of rain forest by changing  
to quick growing pine woodlands  
which are regularly replenished.

Furthermore;

- We're rallying our clients to choose the recyclable stainless steel finishes over the harmful chroming and powder coated options.
- We dedicate much energy to our packaging, dealing with responsible and green-rated vendors.
- Our package removal program bestows a positive impact through recycling and the reduction of landfill waste.

As for the product itself?

There is no greater green  
guarantee, than linen-free

Naked presentations are a style we pioneered over three decades ago

We have mastered the table science behind perfect long-term naked presentations. And this in-depth expertise of ours will allow you to;

- reduce your water usage;
- reduce your energy consumption;
- and improve overall lifecycle processes,

all over the long term, so that you're always doing the right thing by the environment, year after year, not just for the first few months of operation.

Plenty have imitated. But none have replicated our inspiring linen-free systems

Rollaway

all-event tables

## Fold and roll

Yes...this table rolls.  
Never carry a table  
again, ever.

- It's a table that never needs carrying.
- It's a table whose speed of handling is 5 times faster than all others.
- It's a table with not an inch of sway or wobble.
- It's a table that converts into 3 different styles.
- It's a table which, in just one size, can service all your event needs.
- It's a table truck whose storage is half what you expect.
- It's a table whose edges are indestructible.
- It's a table that never touches another during handling and storage, ever.

And therefore it's a system  
that delivers perfect linen-free  
presentations over the long-term.

Beauty with brains

Table transformation  
Choose how you use me

One table, 3 faces

### Stand alone

As a stand-alone table I have unrivalled beauty. I am a work of art.

### Optional fold away modesty panel

Sometimes I require modest privacy and my skirt comes down.

### Optional fold away skirting panel

For those days when I need full coverage, a 3-sided panel completes me.

And it allows me to be anything you want me to be - registration desk, check in counter or display unit.

## Rock edge™ Smart top technology

In short this edging is virtually indestructible.

- It's a polyurethane which is injected into the tabletop.
- It's non-removable as it chemically bonds to the wood core.
- Features 90-degree angled corners which will not break or chip if the tables are dropped.

Strong compound  
with a sleek contour

## Perfect linear linking

Thanks to Rock edge,  
you can seamlessly link  
your tables

- Right angle corners of Rock edge™ allow a seamless linking of tables.
- No more old-fashioned gaps that rounded corners produce.

Rock edge™ – the future in  
table science.

## Table linking

This is a revolution in table management that you need to be a part of

- It's out with the crescents, half-moons, and quarter rounds.
- It's in with the one table that does it all Conference, Boardroom, Classroom, Dining.

Imagine the time you could save.  
Imagine the money you could make.

Conference

Boardroom

Classroom

One table does it all

Dining

Dining

Dining

### Protective Storage

If your tables touch in storage you cannot deliver linen-free presentations

Others seem to offer linen-free tables – but only for the short term.

- Our transport trucks guarantee the protection of your table tops for decades.
- Cushioned swivel bars separate the tables whilst stored.
- Tables are kept rigidly upright through transport.
- Tables will never touch...Ever.

This is a long term protection and preservation of your linen-free table investment.

### Formidable logistics

Save 50% of your valuable floor space through our vertical table storage

- Roll your tables into their truck via a patented ramp design, and store your tables upright rather than horizontal.
- This vertical truck heralds a new era in table handling.

Fold, roll, and store.

## Modesty panel

- Securely clips under the table top when not needed.
- Drops down effortlessly and quietly when required.

A stylish adaption

## Skirting panel

- Patented 3-piece folding registration panel.
- Sits under and inside the tabletop to avoid the square-box look.
- Hinged design allows you to fold it flat for storage and transport.

Convert your table into a chic counter...registration, coffee, display; it's endless

Tech box  
power & data

- An accessory that clips to the table when required.
- Channel electricity and / or multimedia to the tables.
- Link the connectivity to multiple tables through the one powered table.

Impress your modern  
conference clients

Rollaway  
banquet &  
cabaret tables

- Features precise engineering that eliminates all sway.
- Its ergonomic design delivers a luxurious dining comfort.
- Its strength guarantees years of high performance.

Treat your guests to a dining  
pleasure and elegance  
that instantly conveys a  
world-class operation

The Rollaway system

The Rollaway tables have given us the look and durability we were looking for.

These tables are extremely well made and look great, this is by far the best table I have ever worked with.

The perfect fit of each side is a plus as it allows for flexible configuration and aesthetic.

The tables don't dent so there is no need for linen, even for formal dinner events.

Pierre-Louis Giacotto  
General Manager  
Radisson Blu Aqua Hotel Chicago

Everything else is old

Xilo  
all-event tables

- A warm, residential-style aesthetic coupled with precisely engineered mechanical strength.
- World's first timber folding-leg table to feature such impressive stability and integrity.

*Mission accomplished Joe.*

T-fold  
banquet tables

Presenting a new era in banquet dining.

- Delivers a unique and elegant dining experience.
- The tilting top is effortless and storage is a breeze.

Create a difference.

Perfect strength for  
dining without an  
inch of sway or rock

T-fold  
conference tables

- Optional modesty panel.
- Optional in-built executive box.
- Varying levels of multi-media capabilities and interaction.

Finally, a tilt-top table  
engineered for the  
heavy-use of our industry

Cross Cube  
satellite tables

- We've expanded our model offering.
- We've accommodated for all interiors, from heritage to traditional and contemporary.
- We've opened up a greater world of multi-usage.
- We've extended the life span of the tables far beyond what you would believe possible.
- We've halved your future refurbishment costs.

We've taken the Cross Cube to a new level of excitement, excellence and money-making

## Speed

Set up a buffet for 350 people in less than 10 mins

- This is a knock-down table system.
- Tops are quickly removed from legs, which then fold flat.
- Tops and legs are easily stored on custom-built trucks.

An impressive pace of operation, which will make you money from day one.

## Multi-leg options

Heritage, traditional  
or contemporary –  
embrace who you are

Corner top

Set top

- Look to the Set Top - for a timeless, elegant presentation.
- Opt for the Lock Top - if you're feeling more daring.
- Go for the Corner Top - if you're ready to make a statement.

And then, decide on straight leg or our new curved leg – both are hand crafted to perfection.

Lock top

Whoever you are, however  
you're feeling, we have  
your perfect match

Set top curved

## Smart top technology

An indestructible edging  
for lifetime protection of  
your table tops

- A stainless steel frame will always protect your table edges.
- Long-term linen free presentations are a guarantee.

And when it's time for  
refurbishment, don't buy  
new tables...

...replace your inserts

- This stainless steel edging connects to the tabletop insert through a patented locking mechanism.
- A clever design that allows for easy removal of the inserts.

At very little cost replace your inserts; in very little time update your Cross Cube.

## Table top reversibility

A new look for lunch,  
a new look for dinner

Table top reversibility is a standard offering on the Lock and Corner Top models.

- Put a light grain on one side and a dark grain on the other; or try a glass and laminate combination.
- Even if you don't choose different colors or finishes you still have the luxury of reversing your top.

Can this table get  
any smarter?

### Starter kits

Explore our tailor made  
Starter Kits for buffet,  
coffee break or cocktail

Or customize your own

### Storage efficiency

There is not an inch of  
wasted space in the  
design of the Cross  
Cube trucks

Whichever Cross Cube you buy, it  
has its own purpose-built truck.

- Each truck holds complete sets  
of tables.
- Every truck has been slimmed  
right down to accommodate  
even the tightest of thoroughfares  
and storage areas.

A naked presentation  
needs perfect  
preservation

We use IHS banquet tables specifically. They've got a table that doesn't require any linen at all.

The tops can be flipped from clear glass to wood laminate and the tables are convenient in other ways.

They're easy to assemble and disassemble. They fold away very nicely; there's a cart that comes with them.

As the existing banquet tables require replacement, we hope that the F&B directors will buy these tables. The tables are more durable, solid, robust, and good-looking. I didn't feel they were going to get banged up and scratched.

Some of the other tables I've seen I felt were more industrial and perhaps even cheap-looking.

Yes, it's more expensive, but you get what you pay for. I imagine we will continue to use them for a long time.

Guy Rigby  
Vice President of Food & Beverage  
Four Seasons Hotels and Resorts

## Dining

## Beverage

## Presentation

There is nothing you need  
from a table that the  
Cross Cube can't deliver

*Nice one Knud*

## Classic Cube universal tables

- A handcrafted stainless steel structure with astounding quality of workmanship.
- Replaceable table top inserts for effortless refurbishment.
- The elimination of food catchment areas to enhance hygiene control and reduce maintenance.
- And finally, transport mobility for a safe and speedy operation.

Experience our  
elegant design  
subtleties that make  
your life easier

## Cool Cube universal tables

- The roll-in table has never looked so crazy cool. It's now its own wow factor.
- It has style and architectural brilliance.
  - Its applications are endless.
  - Pre-prepare your service and discreetly glide your presentation into any event.
  - And then enthral your guests with this showpiece.
  - Available in a whole range of art glass, veneers, onyx or laminate tabletops.

An interior designer's  
dream, where fine  
furniture meets operating  
equipment

Insertable

Reversible

An ingenious table top design which allows complete creativity in regards to ambience and catering set ups.

- Reverse your table tops - go for light and dark laminates or opt for glass on one side with veneer on the other.
- Interchange your table tops – stick with the full size or play with the alternative sizes and shapes we offer.

A decorative inspiration

Convert from table, to kitchen

No assembly needed; roll in and show off.

There's no cuisine the Cool Cube can't cater to.

- An array of accessories deliver great transformation.
- Whilst the assortment of appliances deliver unlimited conversion.
- Your mobile kitchen is fully equipped, including a smart mobile downdraft that is designed for a perfect overhead capture of odor and smoke.

Cook for a private function of 10, or a gala dinner of 1000.

For the applications that cannot be interchanged, these dedicated stations provide the ultimate complement.

Simply roll them out and interact

- These clever detachable screens allow for even greater usage.
- They securely clip on quickly or store in their own custom truck when not needed.
- The privacy they offer is perfect for registration desk, conference table, or beverage station use.
- Available in full bodied veneers or perforated metal which come in any color or custom pattern – great for logo's or promotions.

The ultimate  
Cool Cube conversion

A very chic add-on

Cool Cube system  
Build your kitchen as big as you want

Chic Cube  
all-event tables

Where ultra modern  
contrasts perfectly with a  
warm residential style

- Admire the high-tech architectural design of the framework.
- Play with imaginative tabletop combinations – mix onyx with wood grains, or glass with laminates.
- Enjoy the wide variety of usage these fine tables offer.
- Explore the options of modesty panels, glass ledges, or pull out drawers to further extend the tables' usage.

These show-pieces will be your next show-stopper.

Flaunt an  
enviable style and  
sophistication

## Chic Cube system

Merchandise with a wow-factor

## Action Stations

live cooking & buffet modules

You imagine, define,  
design...Then, we bring  
your dreams to life

Our culinary expertise is unrivalled;  
our range is the biggest and the most  
extensive available in the world.

There's not a cooking style, a safe-  
food regulation, nor an elaborate  
Chef that we can't satisfy.

- Cater without restriction – indoor,  
outdoor, power-free or otherwise.
- Customize to suit your budget.
- Individualize to fuse with your  
interiors.

Design with us, so  
they dine with you

## Interchangeable appliances

From an American breakfast, to an Asian noodle lunch, to an Indian curry dinner; create the lot!

- A simple changeover is done in seconds and you're ready for your next menu highlight.
- Interchangeable appliances offer great versatility through their rotation.

Why buy 3 stations?  
Buy the one, and offer many cooking styles

Swap top  
interchangeable pods

Custom designed pods which hold any brand appliance or accessory offer great flexibility.

- Beautifully constructed, well ventilated, and impressively stored.
- Keep your stations active, and multi-useful.
- Or take them to any function, use them on any benchtop.

Play with heights,  
swap the placements,  
or store them away  
and use the stations  
as credenzas

## Interactive commercial kitchens

For those serious about  
live cooking...

We're bringing the commercial kitchen out to the floor with a front-of-house wow factor.

- Cater to large volumes with ease.
- Decorate your stations to perfectly blend.
- Combine your stations to create a beautiful centerpiece.
- Connect your stations in any combination you desire.
- Merchandize your event space to keep the mystery alive.

These show kitchens are your new main attraction.

## Modular side stations

Extend and excite

- These side stations are the perfect accessories.
  - Design them to cook, hold, chill or store.
  - Extend your displays with our ice wells and work counters.
  - Link your buffet with our induction models or refrigerated counters.
- Mix it up, liven it up...it's endless what you can create.

## Odor purifying and ventilating...

Why smell and smoke out your guests?

Our carefully researched downdraft system is testament to our passion for delivering the most perfect indoor cooking practices.

- A variety of models offering up to a 1000 cubic meters of draw capacity per hour.
- Odor and smoke are filtered internally.
- Purified air exits through floor level ducts.
- Depending on your needs we tailor the exhaust function to best suit.

Perfect indoor live cooking...it's an art

Electriko  
built-in rechargeable  
battery kits

Battery power  
Go anywhere anytime

An incredible option for ultimate catering freedom

- These high-powered batteries will perform up to 3 hours of service depending on the appliance.
- Adaptable to induction holding, ice cream, sushi stations, beverage bars and other lower amperage appliances.
- Easy and quick to recharge.

*We like the way you think Massimo.*

- Battery technology does not cater to high amperage cooking appliances.
  - And so, this visionary Chef battery charged his downdrafts and opted for gas cooking.
- Ultimate catering freedom.

## Safe food practices

Have you washed your hands?

- Global safe-food practices call for mandatory availability of running water facilities at every food handling site.
- And so we designed a portable tap and basin module for interactive use amongst your stations.
- Powered by either electricity or Electriko there are no more restrictions, no more excuses...

Self powered water unit

## Safe electric practices

Everyone's safety is everyone's responsibility

- The embedding, use, and transporting of mobile appliances is stern business. And our attention to this is impeccable.
- Correct ventilation for each embedded appliance is imperative.
  - Cables that are clipped and channeled away from all potential liquid pours are critical.
  - Safety switches which minimize the damage of any electrical accident are obligatory.
  - The correct distribution of power to avoid an electrical overload is essential.
  - A fire blanket that comes standard with all our holding and cooking stations is quite simply, a good idea.

Each one of our stations is assessed by certified electricians and each high quality appliance is vigorously tested. No compromise.

Who wouldn't insist on certified electrical equipment, and their correct installation?

Sanitize, don't compromise

Bar & barista stations

Mix, shake stir or serve your way through any event with our designer collection of beverage stations and barista bars

Showcase  
knock-down  
catering stations

Low cost, fast-moving  
and space-saving...  
Showcase is a show off!

- Furthering on the capabilities of the Set Top Cross Cubes, a skirting panel converts the tables into counters of any type.
- Interchangeable tops and table top accessories means you can even cook, hold, chill, grill, carve and fry.
- Finished catering? Disassemble and transport your modules in their roadcase to your next function.
- Take it from pool-side to ballroom to your lobby – in record speed. Perfect for off-site catering.

## Showcase knock-down beverage stations

- This module features a taller skirting panel and accompanying ledge.
- Use it diversely as a cocktail, barista or welcome counter.
- Assemble it quickly, with minimal fuss.
- Store it effectively, well preserved and protected in its road case.

Your very own pop-up bar

## Revma

world first adoption of  
battery technology to  
mobile catering stations

Imagine the freedom of  
catering anywhere, anytime

- A perfect option for event spaces with power restrictions.
- Conveniently mobile, these battery kits can be wheeled into Showcase for ultimate catering freedom.
- Each appliance operates with its own battery kit which slides underneath the table.
- Can be adapted to most low-amperage accessories and appliances such as induction holding, sushi fridge display and heat lamps.

In room dining

food delivery, heating & storage systems

In room dining should not be a compromise...it should be a memorable dining experience

Trolley service

The leading hoteliers of the world can't be wrong...

Resort service

Tray service

Butler service

The complete room  
service system

Freefold  
in-room dining trolley

Excel and excite your  
department through  
the award-winning  
Freefold Series

- A 4-post leg design eliminates all table top rocking.
- The A-frame folding style will individually or collectively beat the storage efficiency of any other system.
- Automatic locking wings eliminate the need for un-hygienic and time consuming pull out rods.
- Precision casters effortlessly glide to reduce pull-push forces.

T-fold  
in-room dining trolley

We've rejuvenated your expectations of this standard t-frame model trolley.

- Gone is the unacceptable table top rocking evident in all other brands.
- We've dealt with your awkward pull-out rods on the wings, through an automatic locking mechanism.
- We've eradicated your steering problems through the gliding motion of 5" precision casters.

And to top it off, this fabulous new arched leg design will elevate your presentations far beyond your expectations.

You may opt for the  
T-frame model, but why  
should your guests feel  
the compromise?

## Freeheat electric food warmer

- Electrically certified for electric and general public safety.
- Weighing an unbeatable 27.6 lb / 12.5 kg.
- Guaranteed safe-serving temperature zones for ultimate hygiene control.
- A 10 minute heat up time to reach 208°F / 98°C.
- Impressive bacteria control through wire shelves and supports.

The benchmark in heating systems.

Electrically certified,  
vigorously tested, and  
visually impressive

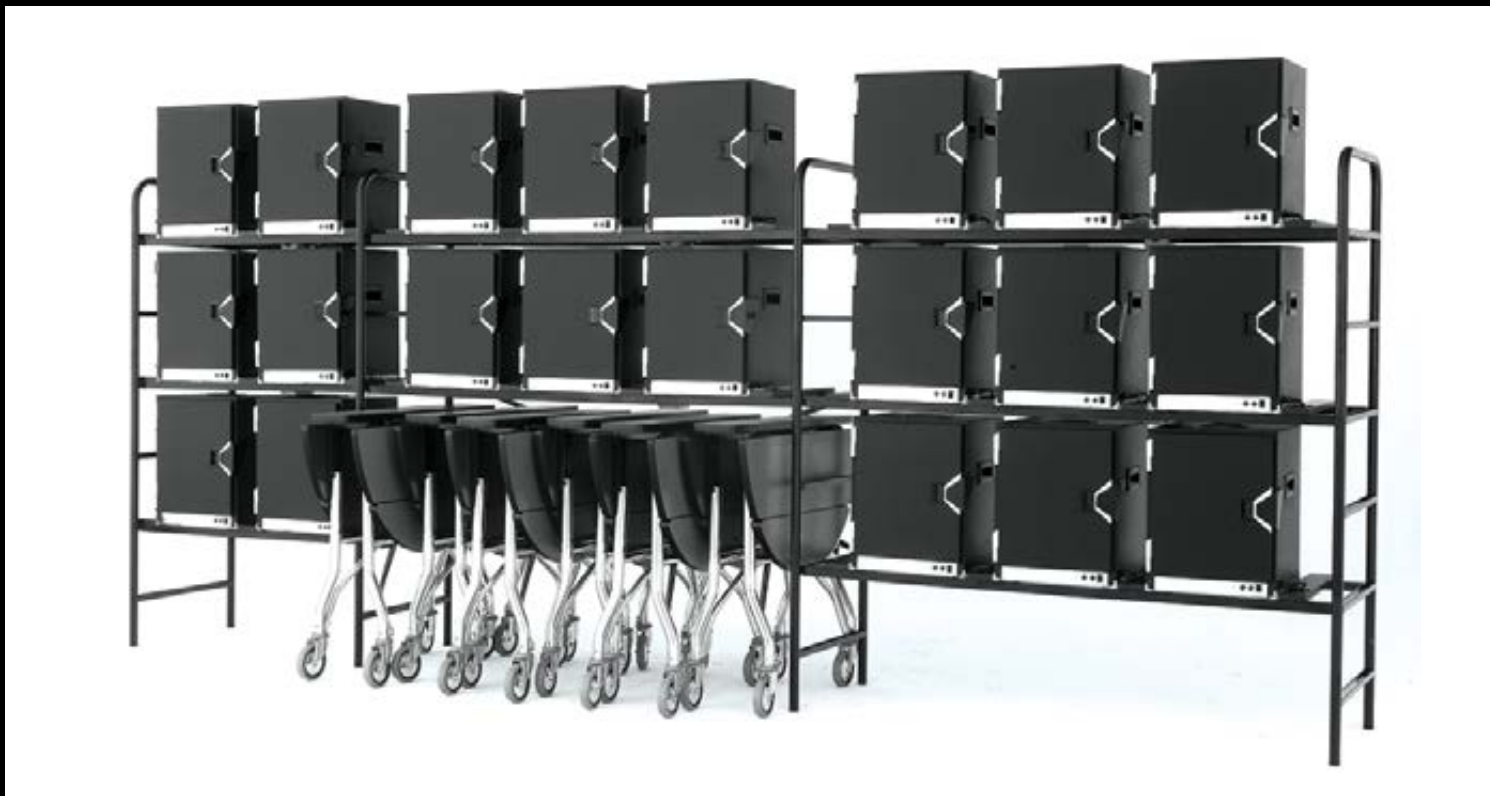

**Caddy**  
food warmer  
storage system

- Choose from 3 standard models or customize your own.
- Enjoy the safe clipping and channeling of all electric cords.
- Connect and expand your caddy's as you need.

A well organized, tidy and safe housing of your entire room service system

Gravity feed  
imposing and  
impressive...

Food warmer storage with  
the capacity to house  
mass volumes of warmers

Enviro timer  
Enjoy a 66% reduction in  
the energy running costs  
of your warmers

- An optional automatic timer that connects to the Caddy shelving.
- Can be programmed to turn on and off through your shifts.
- Saves an average 200 room hotel, over 10K per year.

**Butler service**  
food delivery system for  
VIP or suite dining

Why not offer a royal  
dining experience  
to all of your guests?

Designed in conjunction with Armani Hotels, this impeccable system affirms IHS's reputation as the global IRD specialists.

- Comprising a cold box, hot box, and 2 trays with a lid.
- Its modules can be separately used across many delivery and presentation needs – beverage, dessert, or coffee service.

*That's a class act Giorgio...as always.*

## Buggy box

food delivery  
system for resorts

Designed to sit on the  
back of electric carts

- May be customized to suit other transport modes.
- The exterior is capable of enduring extreme heat, cold, and moisture.
- An insulated interior.
- Customize its holding capacity to suit two food warmers or just the one, with ambient storage.

Z-rack  
tray holding, delivery  
& storage system

- The Z-formed base is the ingenious space saving design.
- Detachable shelving allows for the carriage of a food warmer.
- Ultimate levels of hygiene control achieved through wire shelf supports which prevent food build up.
- Ease of maneuverability through 5" precision casters that ensure an effortless and well balanced motion.

Save incredible floor  
space in storage

Smart tray  
heralding a new era  
in tray design

- Encased with an injected polyurethane (Rock edge™) which prevents chipping and splintering.
- Choose from a variety of inserts such as laminate, acrylic and rubber.
- Smart, stylish, lightweight, and hygienically perfect in its design.

Finally! A tray you can  
drop without concern  
about damage

We offer our guests a 5 star experience in every aspect of their stay.

IHS provides us the tools we need to ensure our guests' needs are met with quality and functionality.

Their products are second to none and their customer service is top rate.

I trust the IHS product line for all my In Room Dining needs.

Nicholas McGinnis  
SKYLOFTS at MGM Grand, Las Vegas

No other company has expended this much effort to develop, expand and improve the humble room service department.

And the result?

The most encompassing, intelligent and money-making equipment you will find anywhere in the world.

Catering to kids

Let these aspiring  
Chefs cook to express  
their creativity.

Let them 'in-room  
dine' like royalty...

Let them indulge in a  
buffet wonderland

We recently purchased the IHS  
Catering for Kids Buffet and it is  
excellent!

Whether we use it in the restaurant for  
our kids buffet or holiday buffets or in  
banquets, the kids love the color, fun  
designs on the buffet tops and most  
of all, a buffet that they can reach!

We have received compliments from  
parents as well that it is so nice to  
see something specifically geared  
towards kids that is colorful and fun!

I am sorry I didn't find this buffet  
sooner!

Rollaway  
conference tables

Perfect, long term naked presentations is a given; unrivalled speed of operation is a certainty; and its engineering is the ultimate luxury.

Tech box  
power & data

Impress your modern conference clients and deliver power & data to your table. This accessory clips to the table when required.

Rollaway  
folding skirting panel

An ingenious way of encasing your tables. Convert them into counters of any type and revel in the multi-functionality.

Rollaway  
banquet & cabaret tables

Dining pleasure is not a compromise. It's our commitment to you through the world-class design of this Rollaway table.

T-fold  
banquet tables

Once a table better suited to office environments, it can now be enjoyed on a grander scale thanks to the stability we have mastered in its tilt-top.

T-fold  
conference tables

In smaller sizes, and through the insertion of multi-media boxes and modesty panels, this table is now a beautiful piece of conference furniture.

Executive box  
power & data

Catapult your meeting space to memorable levels with this optional built-in executive box.

Xilo  
meeting & banquet tables

Explore this alternative table style which is suited to both, intimate meeting environments or grander scale conferencing.

### Cross Cube buffet tables

This globally admired table system has been reinvented in amazing ways, to keep your presentations inspiring, your guests marveling, and your operation profiting.

### Cross Cube skirting panel

An effective, beautiful and inexpensive way of transforming your tables into elegant counters of any type. Folds flat for storage and transport

### Cross Cube round tables

Nothing but the shape changes. These stainless framed round Cross Cubes add just another dimension to presentations.

### Cross Riser plate stands

Elevate and excite your table tops with these simple and elegant accessories.

**Classic Cube**  
nesting tables

Experience our design-take on this more traditional style table. Useful in so many ways, these tables always deliver powerful presentation value.

**Cool Cube**  
buffet tables

An impeccable designer version of the traditional presentation cube. The architectural take on this table has to be seen to be believed.

**Cool Cube**  
live cooking tables

Convert from table to kitchen, no assembly required. With an assortment of appliances to deliver unlimited conversion, there's no cuisine the Cool Cube doesn't deliver.

**Chic Cube**  
nesting tables

Where ultra modern contrasts perfectly with a warm residential style. Enjoy the wide variety of usage these fine tables offer.

**Action Stations**  
live cooking & buffet modules

The greatest array of mobile interactive stations personalized to suit your tastes and budgets.

**Swap top**  
interchangeable pods

Interchangeable pods to keep your action stations always-active, and always returning.

**Beverage Stations**  
dispensing & display modules

Stylish mobile stations that can work overtime in all event spaces as cocktail bars, coffee bars, barista stations, and back bars.

**Back bars**  
complete your beverage service

Equip them with power supply for coffee service, light them up with colored halogens or customize these sleek back bars in any other way you desire.

**Showcase**  
knock-down catering modules

A knock-down interchangeable station that can be used dynamically throughout your event spaces – holding, cooking, chilling, serving.

**Showcase**  
knock-down beverage modules

A knock-down station with beautiful style, for all your event needs – cocktail bar, barista station, welcome counter.

**Revma**  
battery kits

A breakthrough in catering service – this mobile rechargeable battery kit will offer complete catering freedom by not restricting your appliance use to power supply.

**Electriko**  
built-in rechargeable battery kits

A convenient upgradeable power source for ultimate catering freedom.

**Freefold**  
in room dining trolley

The globally renowned food delivery system that has overhauled room service standards worldwide.

**T-fold**  
in room dining trolley

This economical model has just been given a face-lift. Now, it's not just strong, but it's the best looking of its kind.

**Freeheat**  
electric food warmer

A 5 star presentation, deserving of your culinary efforts and your clients' expectations.

**Caddy**  
food warmer storage system

Built to suit any storage space and service need.

**The Butler**  
VIP serving module

An up-market modular suite to personalize your VIP service.

**Z-rack**  
tray delivery system

This is an in-room dining must-have. It heats, it delivers, it stores; the humble tray rack is finally holding its own.

**Smart tray**  
dining & service trays

Sleek and stylish, these trays are perfectly designed, positioned and priced.

**Buggy Box**  
resort food carrier

A clever food transport system for resort dining.
